## Celebrate Women in Science Day at Orlando Science Center!

### Meet Scientific Leaders and Get Inspired through Hands-On Activities, Presentations & More

**WHAT:** This Saturday, May 6, Orlando Science Center will celebrate the impact of women in scientific fields and demonstrate to young women the wide range of opportunity for them in the sciences during Women in Science Day. Women who have excelled in STEM will be at the Science Center as role models to share their passion for science.

Guest presenters will speak and lead hands-on activities to highlight their fields in science, including paleontology, geology, engineering and more.

**WHEN:** 10 a.m. to 4 p.m. Saturday, May 6

- PARTNERS:**
- **Florida Fossil Hunters**  
This group of amateur and professional paleontologists strives to educate the public about Florida's rich and unique prehistoric environment.
  - **CodeTeachers**  
CodeTeachers empowers children across the state by providing them with the coding skills to pursue their interest in computer science.
  - **Society of Women Engineers (UCF)**  
For more than six decades, SWE has given women engineers a unique place and voice within the engineering industry. The UCF SWE chapter empowers women and men to aspire, advance, succeed and be recognized for their life-changing contributions and achievements as engineers and leaders.
  - **Exploding Bacon Robotics Club (First Robotics)**  
Throughout their 12 years, this robotics team has won more than 50 awards while teaching computer, machinery, problem solving and other leadership skills. First Robotics' mission is to inspire young minds to be science and technology leaders through mentor-based programs that build STEM and life skills.
  - **April Graves of NASA**  
Software engineer at NASA Kennedy Space Center
